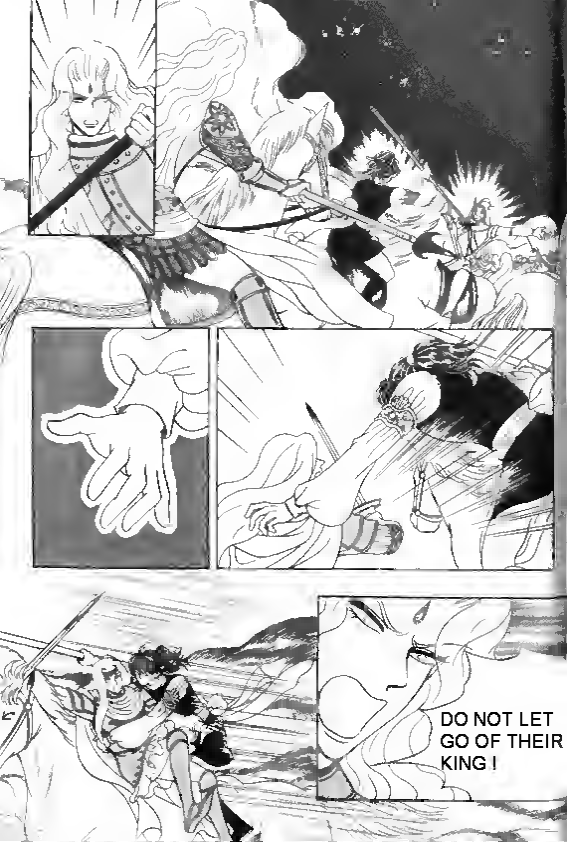
There are barely any Ramira's soldiers around.
I cannot protect the king.
I must escort him and leave at once.

There was no way that Ramira could have won this war.
We must wait for our time to come. And for that, the king must be alive.
I've come to save him



DO NOT LET GO OF THEIR KING !

If I save him

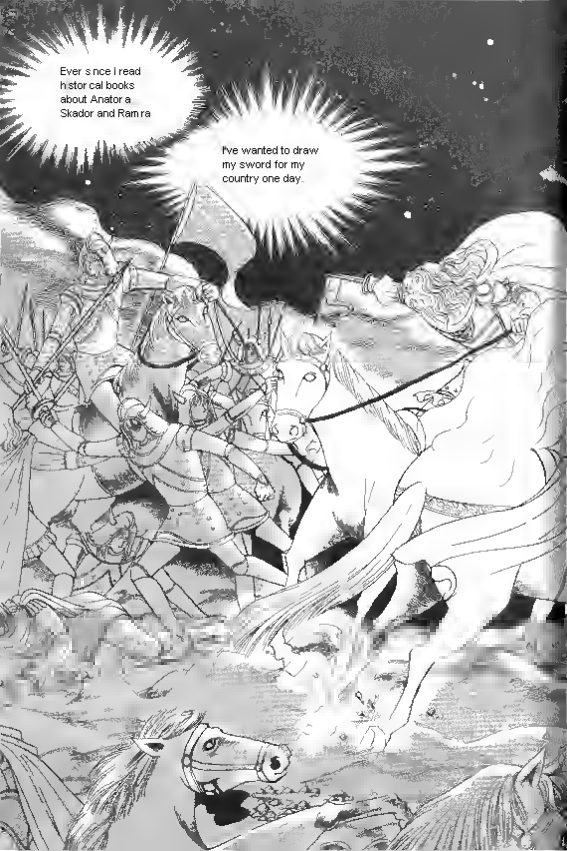
The hands we held together to dance
I didn't think the hands would wield a weapon at each other



Ever s nce I read
histor cal books
about Anator a,
Skador and Ramra
I've wanted to draw
my sword for my
country one day.

But you put me in
an awkward position
that I cannot draw my
sword for my country
You tricked my

throne of Ramra
and made him
a betrayer
You!
made my father to
draw his sword

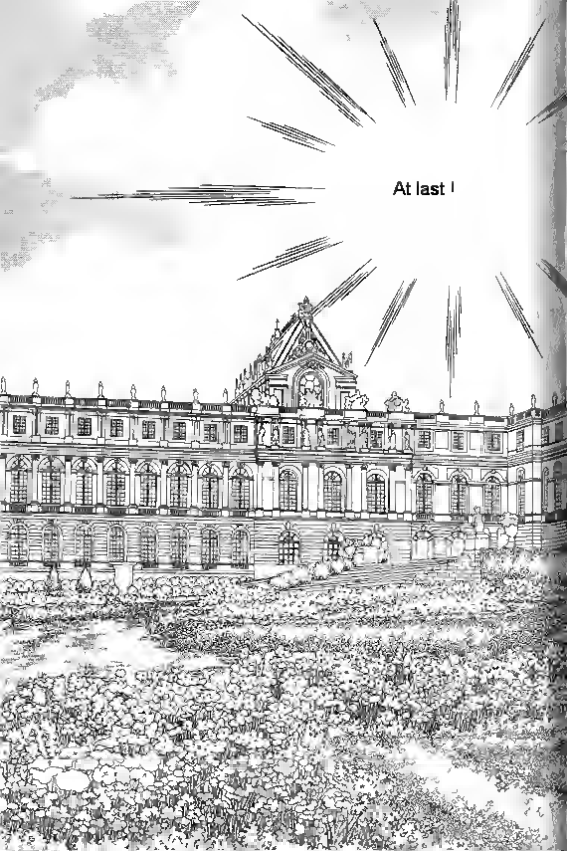
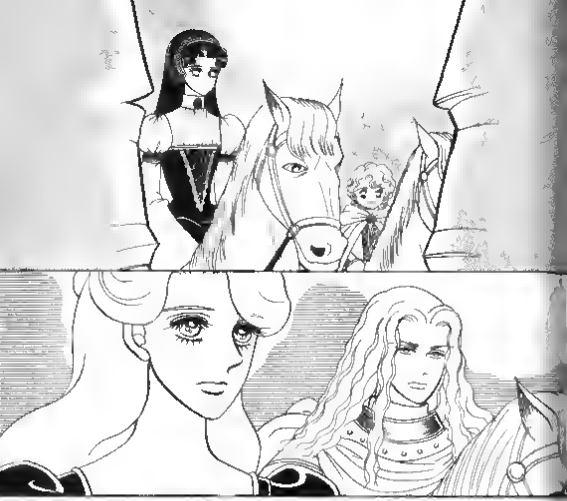
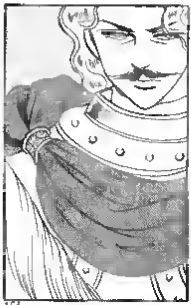
It was the night of
Ramira's the worst battle ever.
The battle took its place in Dura field.
Ramira's casualty was 25.000.
Anatoria's casualty was 17.000.

Even though it was said that more
than perhaps 2 000 men from Ramra's
army escaped from the battlefield
it took days and days for the bodies
to become ashes and smoke filled the sky
Ladle river was also filled with blood



At last !





Sre we ve gathered servants and sold ers n the park
Do you see the queen ?
Wel
It doesn't seem l ke she s here
Are you absolutely sure ?

You mustn't act alone like this

There's a small vessel for you at the end of this tunnel
Take it and go to port Dru

Maybe ...
tthere may be some ships there...
I cannot leave you here and let you die
If there are any ships at the port
They aren't there to escape
For Ramra
You must survive

Over there

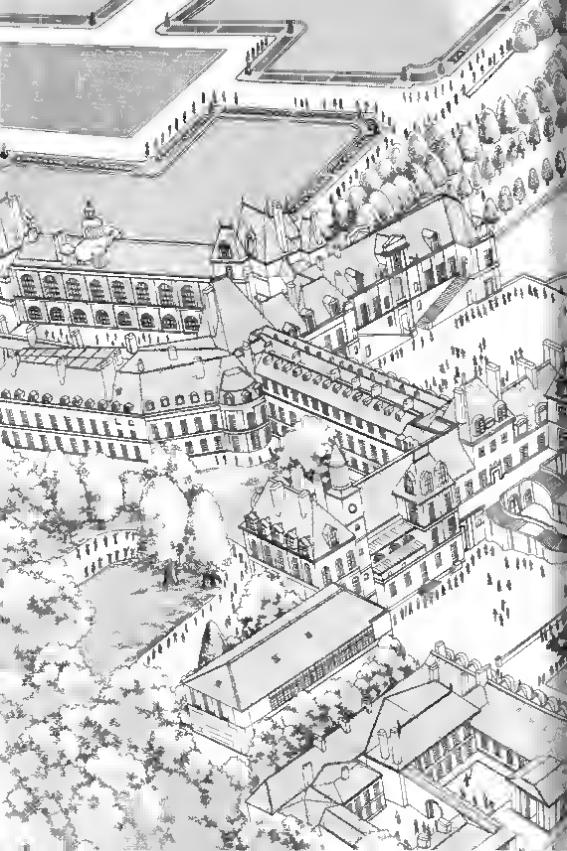
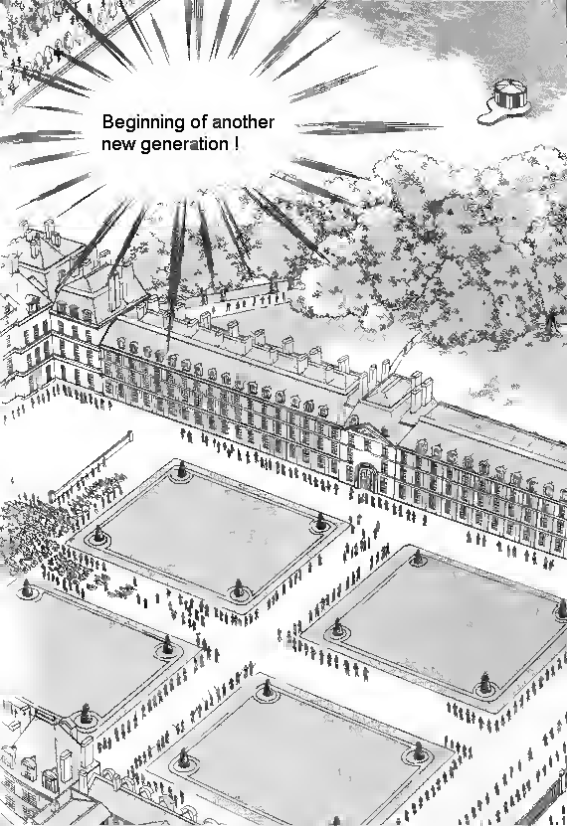
Near end of 807 Ramra year
At the tallest tower of Lana castle
Two children encountered each other





Beginning of another
